Subject: Dispute change of scope of practice OHT
Date: Monday, 20 May 2013 11:43:40 PM

To whom it may concern,
I agree with the opinions of adota sa/nt branch in regards to change of scope of practice of OHTs. I personally would like to express my disappointment regarding the matter; how much must we endure before we are finally paid the respect we are owed and the professional recognition we are entitled to? Although we are encouraged to consider ourselves a part of a team, with the common goal of improving the oral and thus general health of the australian population, it seems the same respect is not paid by other team members. I encourage the body not to continue to place obstacles in our way, but to guide us to becoming better team members and a part of a better team.
Regards, Elvina Bonnici (BOH Adel).
