Email: dentalboardconsultation@ahpra.gov.au

Dear John,

Re: Entry level competencies for conscious sedation endorsement of registration

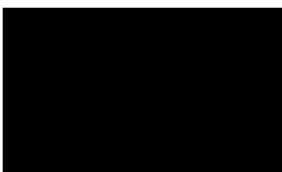

Thank you for providing the Australian Dental Association (ADA) with the opportunity to participate further in the consultation on the proposed entry level competencies for conscious sedation endorsement (the conscious sedation competencies).

The ADA is pleased to see that some of its feedback provided during the preliminary consultation has been incorporated into the current version.

The ADA has nothing further to add to its previous submission.

Should you require further comment regarding the ADA's feedback, please contact [REDACTED] Deputy Chief Executive Officer on [REDACTED] or [REDACTED]

Yours sincerely,

Dr Hugo Sachs
President
